sold the urea plant as scrap iron, please
tell us?"

MP Abeywardena only said that Sri
Lanka had a lot of scrap iron, which
had to be disposed of. The UNPer

wickremesinghe, as the
Finance Minister, on 14 Nov., had
revealed that the latter's strategies had-
n't changed. It was clear that the incum-
bent government was taking advantage
of the current economic crisis and plan-
ning to dispose of many profit-making
public sector ventures, the former min-
ister in charge of water supply and
drainage told *The Island*.

Historic 'loss and damage' fund adopted at COP27 climate summit

Youth activists called on world leaders to provide reparations for loss and damage at the COP27 UN climate summit in Sharm el-Sheikh, Egypt on November 19, 2022 (Pic courtesy Al Jazeera)

(Al Jazeera) Countries at the United Nations COP27 climate summit in Egypt have adopted a final agreement that establishes a fund to help poor nations cope with the extreme weather events caused by global warming.

Following tense negotiations that ran through the night, the summit's Egyptian presidency released a draft text of the overall agreement early on Sunday and also called a plenary session to push the document through as
